

## Showing with Saddletree Step by Step from wanting to Show to participating!

Showing is a great way to define goals for your riding and showcase them in a welcoming environment. They are low cost and low time commitment (compared to offsite shows).

Step 1 – Talk to your instructor about what division would be appropriate for you/ your child\*. *Remember just because you/ your child can canter on Piper one time around the arena doesn't mean they are ready to compete in a cantering class. It is recommended to show one level below what you are working on.*

\* Saddletree students using a Saddletree horse can only enter into one division, however you do not have to enter in all the classes in that division.

Step 2 – Sign up to get a horse assignment. **This can be done by your instructor or yourself. Your instructor will provide you with the Google form link.** Students leasing a horse get first priority on that horse\*. Everyone else will be randomly assigned a horse from a pool of appropriate horses in that division. *If your instructor hasn't already, make sure you are getting to ride a variety of horses in your lessons so you are prepared.*

\*If two people leasing a horse are entered in the same division then a coin toss will be done to break the tie and the loser will be assigned a horse.

Step 3 – Once you know what horse you will be riding you will enter/pre-register for the show. **This can only be done by the student or the parent (if the student is under 18).** There will be a link to register on the Saddletree website on the “Show series – Hunter/Jumper” page.

Step 4 – You will get one lesson on that horse as a show prep the week before the show. If the horse is leased during your lesson time you will have to find another time for the lesson.

Step 5- Make sure you have the necessary equipment for the show – see attachment for horse showing with Saddletree attachment for more information. Tack for the horse will be provided but you may not get your favorite saddle.

Step 6- Payment. You will need to have cash or write two separate checks. Both made out to Saddletree. 1<sup>st</sup> check will be for the horse show office to pay for entry into the show. Its \$10 a class.

2<sup>nd</sup> check will be for horse use and coaching and be given to your instructor. Its \$20 a class.

For example: *Jane Doe is showing in 4 classes, she will have two checks made out to Saddletree Stables and give them to her instructor before the show. One will be for \$40 ( $\$10 \times 4 = \$40$ ) and one will be for \$80 ( $\$20 \times 4 = \$80$ )*

*Her best friend Sally Smith is showing in 3 classes, she will have two checks made out to Saddletree Stables and give them both to her instructor before the show. One will be for \$30 ( $\$10 \times 3 = \$30$ ) and one will be for \$60 ( $\$20 \times 3 = \$60$ )*

Step 7 – Day of the show, be prepared to hurry up and wait. Listen to your instructor on when you should warm up and be on your horse. Keep warmup to a minimum, clean up after yourself – Put tack away, take out braids, groom your horse, etc. **and above all HAVE FUN!** You can follow along with updates on our shows on the Saddletree Horse Shows Facebook Group.

## HORSE SHOW INFORMATION

(UPDATED APRIL 2021)

At Saddletree, we offer students two types of horse showing opportunities. On-site horse shows are held at the barn and are open to students with approval of their instructor. These are a good way to learn the ropes of showing without the added stress of leaving the familiarity of the farm. Off-site shows are held at other farms or facilities. They involve hauling the horses to a show, showing against riders from other farms and often have a different class list and different requirements to show.

### On-Site Horse Shows
